### I. INTRODUCTION

**T**HIS report contains ... Introduction: describe the goal (what is the website for) and result (what exactly should the website do). Or, what are you responsible for as a team.

### II. DESIGN

### III. IMPLEMENTATION

### IV. IMPLEMENTATION

Some additional changes must be made to the environment in which this project is to be deployed.

Create symbolic link from /var/www/html/ to the location where to project is stored.

Enable rewrite module:

- `sudo a2enmod rewrite`
- `sudo nano /etc/apache2/apache2.conf`
- `sudo service apache2 restart`

### V. RESULTS

### VI. DISCUSSION

### VII. SOURCE REFERENCES
